

Impulsor I'dare Imp

I'dare the imp pops up
anytime and anywhere
I'dare visits small and great
One must quickly speak
and greet Idare will not wait

I'dare likes the meemes
daddas kiddies dreamies
At times I'dare Imp is light
as air simple and trite
At times Imp is solid stone
its complexity unknown

Critters crowded
crusters and capacious
cavort and caper
over the ceilings
across the walls
I'dare's cave is
a spacious hall without
tigers who would maul

I'dare Imp is reckoned
a temporary resident
who never pays the rent
I'dare is a gent
and should not pay a cent

I'dare Imp is no wimp
does not limp
does not skimp
I'dare's friends were Hume
Kant Locke Plato I assume
Goethe and Nietzsche too
query What does I'Dare do

Some try to phone Imp
some try to clone Imp
some try to own Imp
some just bemoan Imp

I'dare can be little
as a louse
as big as a house
not in the gloos
not in the nous
I'dare Imp is a friend of me
Is I'dare Imp a friend of you
